NEW DISCIPLINE POLICY:

The following methods will be endorsed for inappropriate behavior:

1) If inappropriate behavior occurs, the child is talked to, and redirected to another activity several times. Praise will follow for appropriate behavior at the new activity.

2) If inappropriate behavior happens a third time, the child is talked to, and asked to "think and relax" in a seat near the teacher, while watching others play for a few minutes.

3) The child is allowed to try another activity, after they have had a time out period. If inappropriate behavior continues, and the child is making no progress whatsoever, the child may be taken to the office for a discussion, and a time out period. Parents may be called.

At the teacher's discretion, a behavior system is used in their classroom to promote good behavior, and to keep the parents abreast of their child's behavior daily. A conference may be requested.

Discipline will be handled in a professional, positive manner. No child shall be subjected to any humiliating or frightening disciplinary techniques by our staff. No child will be refused food in any way, or all of their playground time for punishment. If a child misbehaves on the playground, they will come stand beside their teacher for a time out period of a few minutes.

A child may be dismissed from the school if their behavior causes constant disruption to the class, ineffectiveness to teach, hurting other children, or disrespecting the staff.
